

Dear Ministry Director:

In my opinion, you could find no finer group of men and women who are passionate about mission, dedicated to serving Christian ministries, and who are extremely capable in raising money, than Don Carmichael and Champion Golf Events.

Don worked for our ministry beginning in 1990 as the National Director for our IRONMAN Golf Marathon Tour to raise funds for our *Why Wait?* campaign for teenage sexual purity. Don was instrumental in developing the golf marathon concept, which was highly successful and the forerunner of the 'Golf & Walk Event' program developed by Champion Golf.

No individual or company in the country has worked in this specialized industry as long as Don. Though several companies promoting golf marathons were formed in the 1990s, which took advantage of the marathon concept and materials developed through this ministry, only Champion Golf Events has my support and endorsement.

In fact, to show you how strongly I feel toward this organization, Champion Golf Events has my unreserved, enthusiastic and whole-hearted personal support and blessing! I highly commend them to you over any other company in their industry and believe you will be far more successful with their help than you could possibly be without them.

I wish you great success in your ministry.

God Bless,

Josh D. McDowell
